

*“Kimball’s communication and responsiveness sets itself apart from its peers. The Kimball employees always showed a willingness to overcome challenges with a common mindset to provide Gilbane and the owner with a quality project with cost, time, & safety consideration always in mind.”*

Jeff White - Project Manager  
Gilbane Building Company

*“Kimball Construction Company exceeded our expectations for quality, value and timeliness in the relocation project for our 43,000 square foot office, distribution and warehouse complex. Throughout the project, Kimball Construction acted with our best interests as the customer, at the forefront. Cooperation and collaboration were hallmarks of the Kimball Construction approach to our project.”*

Jeanette Partlow - President  
Maryland Chemical Company

*“Kimball was extremely professional and efficient. During the pre-construction phase, they worked with all members of the team to facilitate the design of the complex underpinning and shoring system for the cast-in-place concrete pit. During construction Kimball’s Project Superintendent outlined problems and unforeseen conditions and provided timely and cost effective solutions. With his supervision, we were able to complete the pit construction in a timely matter.”*

P.K. Brockman - VP/RPP Project Manager  
Duratek Federal Services, Inc.

*“Working with Kimball Construction was a rewarding experience and I look forward to working with your firm again soon. Please extend my thanks to everyone that helped make this project a success.”*

Ted Wooden  
Cherry Hill Construction

*“As managers of the C.S.A. package for this project, Kimball Construction was often confronted with changes in scope and internal/external conditions that warranted immediate attention and action. Your professional team of managers and laborers were always ready and able to confront these changes and successfully remedy the same.”*

Opi Leckzas - Project Manager  
Gilbane Building Company

*“Everyone here at the test facility realizes that Kimball Construction is a reputable company that has provided the Aberdeen Test Center with a quality product. We will not hesitate in the future to recommend Kimball Construction for future construction projects. Once again, thank you.”*

James Boratti  
ATC Roadway Simulator Phase III Project Engineer  
U.S. Army Aberdeen Test Center
